

# CHAMI MALALASEKARA

I am a highly motivated undergraduate student pursuing a degree in Information Technology. I am seeking opportunities to apply my programming skills and contribute to innovative projects.

With a solid foundation in multiple programming languages and real-world experience gained through internships, I am eager to enhance my knowledge and make a positive impact on the software development industry.

## Experience

### 2022 November 28 - 2023 May 28 (6 months)

Nekfa Australia (Pvt) Ltd. I W R, 4th Floor, No 131, D A W A D  
Ramanayake Mawatha, 0002

#### SOFTWARE ENGINEER INTERN

- During my internship at , I had the opportunity to work on two significant projects. I was responsible for constructing the backend systems for projects using the C# programming language with ASP.NET framework.
- Improve database performance by optimizing SQL queries, boost query response time
- Cut merged conflicts by using Git for version control and collaboration
- Used Figma for UI designs and improved knowledge about UI designing and wireframe designing
- Used developer manual testing method for testing and provide error free code
- Improve project management skills and teamwork skills

### 2023 May 28 -2023 November 28

Nekfa Australia (Pvt) Ltd.

#### ASSOCIATE SOFTWARE ENGINEER

My role as an Associate Software Engineer in ASP.NET was defined by a combination of technical prowess, effective collaboration, meticulous testing, continuous learning, comprehensive documentation, stringent quality assurance, and client-focused solutions. Through these efforts, I contributed significantly to the success of our web applications and the satisfaction of our clients and users alike.

### 2024 February 25-Current

#### DMS Software Engineering (Pvt) Ltd. ,Rajagiriya

#### ASSOCIATE SOFTWARE ENGINEER

As an Associate Software Engineer, I have contributed to the development and maintenance of secure banking systems, applying Clean Architecture principles to ensure code maintainability.

I have hands-on experience with ASP.NET for backend development, React.js for building dynamic user interfaces, and WinForms for supporting legacy systems. Additionally, I have managed CI/CD pipelines using Azure DevOps to streamline deployment processes.

## Contact

**Phone** +94701551218  
**Email** it21065026@my.sliit.lk  
**Portfolio** <https://cham102.github.io>  
**Address** 44,Shanthi  
Mawatha,Kuruppumulla  
Panadura,  
Sri -Lanka

## Technical Skills

- ASP.net (C#) /ASP.net Core
- Vs code/Vs Studio
- MERN Stack
- MS Sql/Oracle /MySQL/Mongo
- Front End Coding(HTML, CSS, React Js, Javascript, AJAX, JQuery)
- bootstrap
- Git hub
- DevOps
- UI/UXCreation (Figma,Moqups)
- Web Design

## Soft Skills

- Creativity
- Collaboration
- Adaptability
- Time Management

## Education

2021 - current

Undergraduate at SLIIT ,specialization in information technology (3rd year 1st semester)

2005- 2019

ST. JOHNS GIRLS SCHOOL  
Panadura

GCE Advance level 2020:  
Combined Maths - Simple Pass  
Physics - Simple Pass  
Chemistry -Simple Pass

Successfully completed GCE ordinary Level in 2016 8 Distinction with one very good pass

2021

EBAY SELLER COLLEGE  
Panadura  
Marketing and Online selling

## Language

English  
Sinhala  
Tamil

## Experience

- 2022  
(Nekfa Australia (Pvt) Ltd.)  
**KANDY WATER MANAGEMENT SYSTEM**  
ASP.net , JavaScript, MySQL
- 2023  
(Nekfa Australia (Pvt) Ltd.)  
**HUMAN RESOURCE MANAGEMENT PROJECT**  
ASP.net , JavaScript, MySQL
- 2024  
(DMS Software Engineering)  
**CHEQUE SCANNING SYSTEM**  
ASP.net , MsSQL
- 2023  
(SLIIT)  
**FOOD REVIEW APP**  
React, Spring boot, Mongo DB
- 2023  
(SLIIT)  
**INSTITUTE MANAGEMENT SYSTEM**  
ASP.net , JavaScript, MsSQL
- 2021  
(SLIIT)  
**ONLINE APP STORE**  
HTML ,CSS,Javascript
