

Vidusha chaturanga

Aspiring IT Professional | HNDIT Undergraduate

PROFILE

Motivated IT Undergraduate and Full Stack Developer with a passion for building functional, user-centric web solutions. I combine a strong technical foundation in Python, Java, and C# with practical expertise in WordPress development, having successfully launched live E-Commerce, Blogs, Service-based business sites, Directory & Listing Websites, Real Estate Websites, Custom Web Applications and LMS platforms. Currently applying my skills in AI tool integration and content management to deliver high-quality web maintenance in a professional environment. I am eager to leverage my problem-solving abilities and attention to detail to contribute to a dynamic development team.
